SEE HISTORY COME ALIVE !

Step back in time and enjoy an authentic 1700's to 1840's Rocky Mountain Fur Trader's encampment. Become part of our historic past by attending the finest mountain man encampment in the Western U.S. Demonstrations of primitive survival skills such as cooking, tool making, tomahawk throwing and black powder target shooting make this event an unforgettable experience for young and old alike.

The Laguna Mountain Rendezvous is nestled high within serene, secluded mountain meadows that make the mind come alive with thoughts of days gone by. This event is enjoyed annually by hundreds of fellow buckskinners & traders who travel from throughout the Western U.S. to carry on this very important part of history. Primitive and modern camping available on the site.

(Map not to scale)

Watch for Red Buffalo Signs at Mesa Grande Road & Hwy 79.
